Spotlighting Soror Natosha Riddick

Co-Owner of STATS Restaurant & Bar

If you have ever visited STATS Restaurant & Bar, you have more than likely seen Soror Natosha greeting patrons, coming out of the kitchen from cooking, behind the bar making sure drink orders are correct and making sure the business is running smoothly.

STATS is the largest black owned sports bar in NC! There isn't a sports bar & restaurant in town with better food, drinks and entertainment. From the large outdoor patio to the private event space for rentals, the owners and management continue to tweak the facility so there is a broader use than just watching a game. STATS Restaurant & Bar specializes in southern comfort food with a twist, premium cocktails, and a variety of entertainment. Alpha Lambda Omega has hosted Founders' Day events and the annual Denim and White Party at STATS over the years.

When Soror Natosha was asked, what inspired her to start your business? Her response was, "Our love of cooking and entertaining inspired us to start the restaurant. We wanted a space where the meal on your plate is just as good as the game on our 40-plus flat screens. Featuring high-end seafood and steak dishes over typical pub fare, STATS has a unique menu for a sports bar."
